

A background image of a modern glass skyscraper with a blue-tinted sky. The building's facade is composed of many rectangular glass panels, creating a grid-like pattern. The sky is a clear, light blue. The overall image has a professional and technological feel.

# Innovative Solutions, Driving Excellence Across Industries

**2026**  
**2027**

Empowering You Through  
Innovative Technical Solutions

---

# Reliability Built on Experience

**Established in 2013**, FSS Technologies Sdn Bhd is a **100% Bumiputera-owned enterprise** dedicated to supplying high-performance products and expert consultancy to both government and private sectors. With a strong foundation in project management and a global network of suppliers, we bridge the gap between **world-class technology and local market needs**.

- **100% owned by Bumiputera:** A fully local enterprise committed to delivering quality and indigenous business excellence.
- **Registered with the Ministry of Finance (MOF):** A certified and trusted vendor officially recognised for government procurement and tenders.
- **30 years of Combined Professional Experience:** Years of proven expertise in delivering high-quality solutions and project management.

# Technical Consultant, Strategic Trading House, and Authorised Sales Agent

FSS Technologies Sdn. Bhd. is a dynamic and diversified enterprise currently active in high-value Government and Commercial contracts. We pride ourselves on our versatility, operating with equal efficiency as a **Technical Consultant, Strategic Trading House, and Authorised Sales Agent.**

## Business Objective

*"To be the premier provider of innovative, high-quality, and high-performance technical solutions in Malaysia."*

Our objective is to leverage our team of energetic and highly trained specialists to position FSS Technologies as a market leader, ensuring our clients have access to the most advanced tools and services available today.

## Mission Statement

*"To empower our clients by providing integrated products and solutions that transform the way they manage, communicate, and operate."*

Our mission is to bridge the gap between global innovation and local needs, ensuring that every solution we deliver enhances operational efficiency and drives sustainable growth for the businesses and government agencies we serve.

## Philosophy

Our philosophy is built on the foundation of a Comprehensive Sales Network and Enduring Customer Relationships. At FSS Technologies, we believe a customer is our most treasured asset. We understand that while winning a client takes immense effort, maintaining that trust is our highest priority. We advocate for a "Customer-First" culture where excellence in service ensures long-term loyalty.

# Diverse Core Business Sectors

A reliable partner, FSS Technologies provides the right, innovative technical solutions and expert project management for customers across diverse critical sectors.

01

## Aviation & Engineering

Connecting organisations with senior engineers (structural, avionics, propulsion) and technical professionals to optimise aircraft performance, safety, and operational efficiency.

02

## Air Mobility

Sourcing experts in next-generation solutions, including eVTOL engineers, drone technologists, and urban air transport specialists.

03

## Aerospace Manufacturing

Providing technical talent like production engineers, quality assurance specialists, and composite materials experts to deliver precision and excellence.

04

## Maintenance, Repair, and Overhaul (MRO)

Recruiting aviation experts and technical professionals (Licensed Aircraft Engineers) for MRO operations to ensure regulatory compliance, continued airworthiness and high operational standards.

05

**High-Performance Lubricants & Oil Solutions**

Supplying high- grade transportation, industrial, marine, power generation lubricants and transformer oil for industrial applications.

06

**Defense & Strategic Supplies**

Providing specialised equipment, electronic design, and aerospace & defense solutions to support national security and strategic operations.

A photograph of a modern glass skyscraper with a blue tint, viewed from a low angle looking up.

# Technical Expertise. Operational Excellence. End-to-End Support.

At FSS Technologies, we believe that strong partnerships are the foundation of successful projects. We combine our deep local market insights with a global network of technology providers to deliver tailor-made solutions for government agencies, educational institutions, and private enterprises. When you partner with us, you gain a dedicated ally committed to technical precision and operational reliability.

**01**

## STRATEGIC PROJECT MANAGEMENT

We offer specialised project management services for complex engineering and technical initiatives. Our team oversees the entire lifecycle—from initial planning and resource allocation to execution and final delivery.

- **Focus:** Engineering projects, ICT infrastructure rollouts, and multi-phase industrial installations.
- **Value:** Ensuring compliance, managing timelines, and mitigating risks for government and commercial contracts.

02

## CUSTOM-MADE TECHNICAL SOLUTIONS

Not every challenge has an “off-the-shelf” solution. We specialise in custom-made product development tailored to specific industrial, engineering, and vocational requirements.

- **Industrial & Engineering:** Custom-made machinery components or specialized technical apparatus.
- **Vocational:** Tailor-made projects for educational institutions.

03

## ASSET LIFE-CYCLE MAINTENANCE

To ensure the longevity and reliability of the equipment and machinery we supply, FSS Technologies provides robust after-sales support divided into two critical categories:

### A. Preventive Maintenance (PM)

Scheduled, proactive servicing designed to prevent equipment failure before it occurs.

- **Includes:** Regular inspections, calibration, cleaning, and parts replacement.
- **Benefit:** Minimizes downtime and extends the operational life of your high-value assets.

### B. Corrective Maintenance (CM)

Rapid-response technical support to address unforeseen equipment or machinery malfunctions.

- **Includes:** Fault diagnosis, emergency repairs, and technical troubleshooting.
- **Benefit:** Ensures that your operations are back online as quickly as possible with minimal disruption.

# Strategic Partners

At FSS Technologies, we believe that the quality of our solutions is defined by the strength of our partners. We collaborate with world-leading manufacturers and technology pioneers to bring best-of-breed products to the Malaysian market.
